This practice setup form will need to be completed for each practice. Please return this completed form to your PHN coordinator. Once this is done an appointment will be made for installation and basic training of SeNT referrals. **If you have any questions or concerns please contact your PHN SeNT referral coordinator.**

Best Practice Install check

General Information:

- Best Practice Site ID (see Registration guide pg 6 for instructions)
- The practice is on Best Practice Premier/LAVA. (see Registration guide pg 6 for instructions)
- Best Practice Database Browser password available (IT provider will have this, it is not the password into BP)
- Windows environment: 7 and above (SeNT will not work on Windows XP) on **every workstation** at the practice (see Registration guide pg 8 for instructions)
- IE (Internet Explorer) version 10 and above on **every workstation** at the practice
- HPI-O for the practice (see Registration guide pg 4 for instructions)
- IT provider contacted and aware of install
- NASH certificate available if required
- Microsoft .NET version is 4.5 or above (see Registration guide pg 11 for instructions)

Medical Director Install check

General Information:

- Medical Director ID (see Registration guide pg 6 for instructions)
- The practice is on the latest version of Medical Director (see Registration guide pg 6 for instructions)
- Windows environment: 7 and above (SeNT will not work on Windows XP) on **every workstation** at the practice (see Registration guide pg 8 for instructions)
- IE (Internet Explorer) version 10 and above on **every workstation** at the practice (see Registration guide pg 9 for instructions)
- HPI-O for the practice (see Registration guide pg 4 for instructions)
- IT provider contacted and aware of install
- Practice is on a Terminal Server configuration – latest version of Medical Director. (see Registration guide pg 7 for instructions)
- NASH certificate available if required
- Microsoft .NET version is 4.5 or above (see Registration guide pg 11 for instructions)

Registration guide

This guide will provide you with the necessary steps to ensure you have all the information needed to register with BPAC CS to use SeNT Referrals. Please ensure the details in the set up form are correct, the instructions below will assist in finding information where required.

Please complete the Sent Installation checklist before returning this form to BPAC, **if you need assistance with any items please contact your IT support.**

Please note:

- A minimum of **15 minutes** for each workstation installation leaving time for troubleshooting if required.
- On the day we need a user with **administrator** privileges to login to Windows and have a GP PMS account available.

Every practice wishing to participate needs to sign an agreement to participate before we can set them up. If they would like more information there is a fact sheet and also a two minute training/ demonstration video on the SeNT Referral: www.bpacolutions.com/sent-referrals-video

We can also do a 5 minute walk through training session if they are available at the time of installation.

Practice name

For SeNT referrals to provide e-referral recipients with more accurate information, it would be best if the practice name in your clinical software reflects your actual business name. To change your Location/Practice Name in your clinical software to your actual business name, please see below.

Medical Director

Your practice name can be found by clicking **Tools > Options** on the Medical Director toolbar. Once the options are open click the **Practice** tab to view your practice name. See the area in yellow in **Figure 1**.

If your practice name needs to be edited click **Set up > Set up users** from the Medical Directory toolbar. Once the license details are open enter your correct practice name and click save. See **Figure 2**.

The screenshot shows the 'Options' dialog box with the 'Practice' tab selected. The 'Practice name' field is highlighted in yellow and contains the text 'HCN Samples Database'. Other fields include Address (205 Bourbong Street), City/Suburb (Bundaberg), Postcode (4670), Phone (1300 788 802), Fax (07 4151 1896), E-mail (hcn.samplesdb@hcn.samplesdb.com.au), Practice ID (888888), VSP number, HPI-O No, Organisation Type, Service Type, and checkboxes for 'Use Suburb and Postcode as default for new patients', 'Government programs', 'PIP number', and 'Participates in the CTG PBS Co-Payment measure'.

Figure 1. Medical Director practice name

The screenshot shows the 'Licence Details' dialog box. The 'Practice Name' field is highlighted in yellow and contains 'HCN Samples Database'. The 'Product Name' is 'Medical Director'. The 'Licence Key' field is highlighted in green. Below, the 'Medical Director Licence Details' table shows a list of products and their expiry dates and user counts.

Product	Expiry	Users
Medical Director (Demo)	1/02/2021	20 Prescribers
Surgical Audit Tool	1/02/2021	20 Prescribers

Figure 2. Edit practice name in Medical Director

Best Practice

Your practice name can be found by clicking **Set up > Practice details** from the Best Practice toolbar. If your practice name needs edit you can do this by clicking **Change**, see the areas highlighted in **Figure 3**, enter the correct name and click save. See **Figure 4**. To modify any location names click the **Edit** button shown in **Figure 3**.

Figure 6. Medical Director HPI-O number

Best Practice

Your practice HPI-O number can be found by viewing the certificate details via the certificate manager. Click the Start button , type certmgr.msc into the search box at the bottom of the page and press Enter.

Under **Certificates - Current User** expand the **Personal** folder and click the **Certificates** folder. Certificates installed will be displayed in the right hand pane. You will see a NASH cert that begins with **800123456432** see **Figure 7**. This is your HPI-O number.

To view the full details double click the certificate, the HPI-O is displayed beside **Issued To**. See the areas in yellow in **Figure 8**.

Figure 7. Certificate manager

Figure 8. Best Practice HPI-O number

PMS software details

Medical Director

The Medical Director software version and practice ID can be found by clicking **Help > About...** from the Medical Director toolbar. See areas in yellow in **Figure 9**.

Figure 9. Medical Director details

Note: Medical Director version 3.17a has a known bug where Medical Director is advising practices to update to 3.17. Alternatively, you can contact BPAC Clinical Solutions for a Medical Director patch to fix the issue.

Best Practice

The Best Practice software version and site ID can be found by clicking **Help > About** from the Best Practice toolbar. See areas in yellow in **Figure 10**.

Figure 10. Best Practice details

Terminal server set up

One way to identify if you are running a terminal server is if you are accessing your clinical software via **Remote Desktop Connection**. Remote Desktop Connection is accessed using the icons shown in **Figure 11**, you will then be prompted to connect. Once connected you will see the blue bar shown in **Figure 12** at the top of your screen.

If you follow the step above you are likely running a terminal server environment. If you have any questions or concerns regarding terminal servers, please contact your IT support to confirm.

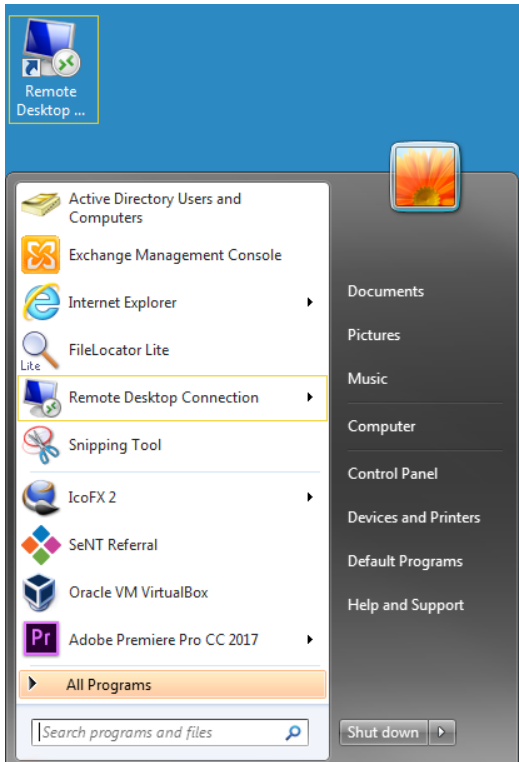

Figure 11. Remote Desktop Connection icons.

Figure 12. The Remote Desktop Connection toolbar

Windows version

To find your windows version click the **Start button > Control Panel > System**. The windows version is listed under the Windows edition section. See areas in yellow in **Figure 13**.

Figure 13. Windows version details

Internet browser

Internet Explorer

To find the Internet Explorer version click the **tools icon** , located on the top right of the toolbar, then click **About Internet Explorer**. See **Figure 14**. The version number will be displayed in an information popup. See areas in yellow in **Figure 15**.

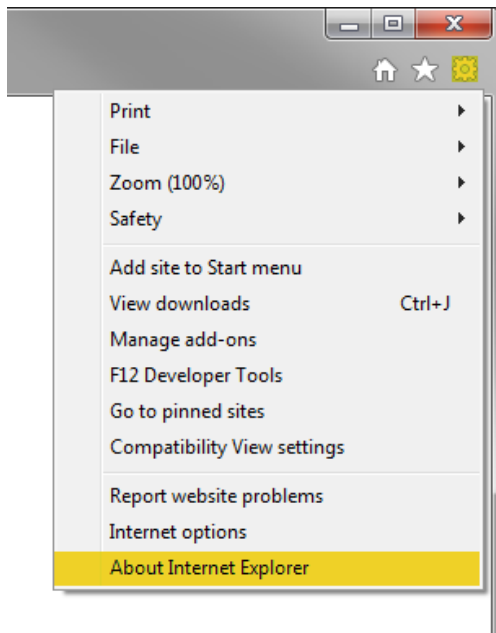

Figure 14. Internet Explorer tools.

Figure 15. Internet Explorer details.

Google Chrome

To find the Chrome version click the **tools icon** , located on the top right of the toolbar, hover over **Help** then click **About Google Chrome**. See **Figure 16**. This will open a new tab displaying the version number. See areas in yellow in **Figure 17**.

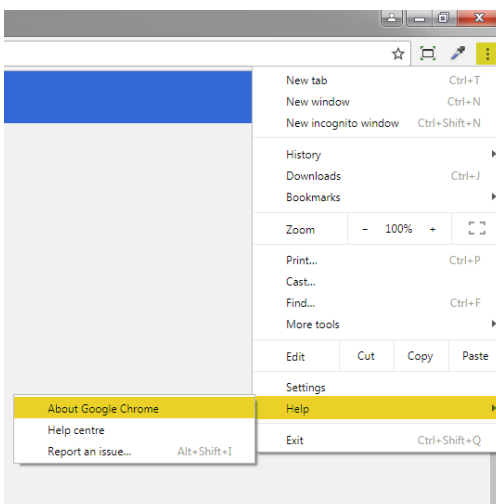

Figure 16. Google Chrome menu

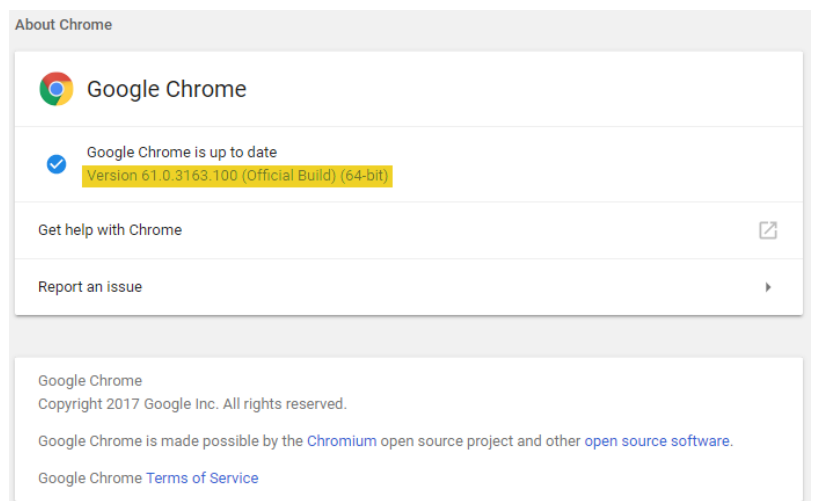

Figure 17. Google Chrome details

NASH certificate

Finding if the NASH is current: clicking the Start button , type certmgr.msc into the search box at the bottom of the page and press Enter.

Under **Certificates - Current User** expand the **Personal** folder and click the **Certificates** folder. Certificates installed will be displayed in the right hand pane. The general NASH cert installed it begin with **800123456432**. See **Figure 18**. To check if the expiry date is valid **double click on the certificate**, see **Figure 19**. If it isn't then a new NASH Certificate may need to be ordered.
